FIFTY LOSE LIVES IN STEAMER WRECK

Survivors Report A Terrible Disaster.

94 PASSENGERS ON BOARD SHIP

Steamer Valencia Wrecked on Vancouver Island Coast to Eastward of Cape Beale with Heavy Loss of Life to Passengers and Crew.

Victoria, B. C., Jan. 25.—The steamer Valencia, Captain Johnson, of the Pacific Coast Steamship company, with 94 passengers on board and a crew of 60 was wrecked to the eastward of Cape Beale on the Vancouver island coast in the early morning of Tuesday with a heavy loss of life, greater than that of any other disaster that has occurred near here since the terrible loss of life following the collision of the ship Orpheus with the steamer Pacific when enroute from Victoria to Portland.

The survivors who have reached Cape Beale, the boatswain and five seamen, sent to secure assistance in one of the steamer's boats, report that at least 50 persons were drowned alongside the steamer when boats loaded with women and children smashed against the vessel when lowered. Persons were huddled on the saloon deck of the steamer which was then partly submerged, with the in-rolling sea washing over the main deck.

A southeast gale was blowing with the wind whistling through the cordage of the wrecked vessel at a velocity of over 40 miles an hour, and a high sea was beating against the hull, sending spume high over it and huge seas pounded on the deck threatening to break up the wreck.

Unless the several steamers which have been hurried to the assistance of the wrecked vessel can arrive in time to save those who remain on the wreck it is doubtful if any of them will reach shore, for a landing in such a place is extremely difficult, if at all possible.

The Valencia sailed from San Francisco on her second trip to Victoria, replacing the recently disabled steamer City of Puebla, at 11 a. m. on Saturday. This was the only clear day and from Saturday evening Captain Johnson and his officers had to navigate by means of dead reckoning.

Nearing the entrance to the straits the weather was very thick and the officers thought they were in the vicinity of the Umatilla Reef lightship near Cape Flattery, which has a good fog signal on board. Having had no observations and unable to make out their position in the thick weather prevailing, soundings were taken, showing thirty fathoms.

Immediately after the men with the lead lines reported thirty fathoms of water, the steamer struck against the reefs off shore with a shock which awoke all on board. The steamer did not run up on the reef, and was at once backed away. As she went into deep water she began to fill, the impact with the rock having greatly damaged the steamer.

The engineers whistled to the bridge that water was pouring up over the engine room plates and they were unable to stand by their engines so fast did the water rise in the engine room. They and the firemen were driven on deck, but before they were driven out in answer to excited jinglings from the bridge, [illegible] speed was [illegible] and Captain Johnson turned [illegible] toward the beach. [illegible] ering as a result of her [illegible] the rocks [illegible] to save any of those on [illegible] put the [illegible] scant though it was [illegible] on board [illegible] fore she struck again [illegible] the engineers, firemen [illegible] had been driven [illegible] ing waters, and the seas [illegible] gun to roll over the main [illegible] was over the deck wh[illegible] were being lowered, the lights being extinguished by the flooding of the engine roof before the work was commenced. The loss of life was awful when the boats were lowered.

Two boats filled with women and children were sent against the side of the steamer, smashed and completely wrecked, all those in the boat being swept into the sea and drowned.

Rescue Work Going On.

Victoria, B. C., Jan. 24—9 a. m.—A heavy fog is deterring the rescue work at the scene of the wreck of the steamer Valencia. There is a tremendous heavy sea, though the wind has died down. The rescue workers are proceeding in face of everything.

Holds Record for Loss of Lives.

Portland, Ore., Jan. 25.—Few places in the world have such a record of marine catastrophes as has the deadly "West Coast," as it is known, of Vancouver Island, which has ocasioned the destruction of fifty-six vessels and cost 711 lives within the last forty years.

BELIEVED TO BE CONSTANTINE.

Young Man Arrested in Anniston Is Thought To Be Murderer.

Nasnville, Jan. 25.—A young man giving his name as Sam Harts, has been arrested at Anniston, Ala., who is believed to be Frank Constantine, Jr., of Chicago, wanted for the murder of a Mrs. A. W. Gentry in Chicago, on the 6th of this month.

Harts claims that he went to Anniston from Memphis, and was on his way to his home in Norfolk, Va., when arrested. He also claims that he had never been in Chicago, but made several conflicting statements to the police.

Harts fills the description of the man wanted in Chicago with but few exceptions. Harts was arrested on a charge of vagrancy and will be held until the Chicago authorities can be heard from.

Fire Does Much Damage.

Norfolk, Va., Jan. 25.—The International Compress company's cotton press on the Elizabeth river here, together with much stored cotton in the warehouses and sheds of Rogers, McCabe & Co., were burned early Wednesday and an intervening wall of oyster shells was the only thing that saved from destruction the property of the Norfolk Warehouse association's ice plant and many more bales of cotton stored in adjoining warehouses. Jacob Addison, a white laborer at the burned compress, was asleep in the building at the time, and is believed to have perished.

Bill May Not Pass.

Gainesville, Ga., Jan. 25—"Of course, if an omnibus public building bill is passed at this session of congress, Gainesville will be included for an appropriation for a government building," said Congressman Bell. "But," he added, "it is doubtful if such a bill will be allowed by the Republicans to pass. I am very anxious to get on appropriation for Gainesville, but when a Republican majority says we can't have it I know of no way to get it. However, I am doing, and will continue to do everything in my power to get the appropriation."

Investigation Will Continue.

New York, Jan. 25.—The investigation into the affairs of the so-called theatrical trust, which was begun by the district attorney's office yesterday at David Belasco's request, will be allowed to continue, according to a decision of the supreme court. [illegible] W. Livingston, an employe of Klaw & Erlanger, had applied for an absolute writ of prohibition, preventing the continuation of this inquiry. This application was denied by Justice Davis.

State Society to Meet.

Macon, Ga., Jan. [illegible] Mar tin [illegible] ex[illegible] [illegible] to Lamar [illegible] on [illegible] the purpose of [illegible] a choice of [illegible] shall be held [illegible] been made [illegible] members of the [illegible] mittee, and a large gathering of the committee is expected.

MONEY SATRAPS EASY FOR MANN

Wall Street Financiers Were His Friends

ALL WERE KIND TO THE EDITOR

Vanderbilt Did Not Care for Stock But Hoped He Would Get On—Had Loaned Him $25,000 on Simply His Request.

New York, Jan. 25.—The trial of Norman Hapgood, editor of the Collier's Weekly, charged with criminal libel by Justice M. Deuel, a city magistrate, as a result of the publication of a paragraph concerning the latter's connection with Town Topics, is nearing an end.

After the examination of Colonel W. D. Mann, editor of Town Topics, was concluded, the defense introduced a number of witnesses and counsel for Mr. Hapgood announced that they would probably finish their case Wednesday.

Many Women in Court.

The trial was followed with the same interest that has been manifested since the hearing of the case was begun. Fashionably attired women were again conspicuous among those in the court room.

The witnesses introduced by the defense included Commodore Elbridge T. Gerry, who testified as to Justice Deuel's efforts to induce him to subscribe to "Fads and Fancies." Commodore Gerry said he found that Town Topics was interested in "Fads and Fancies," and that he refused to subscribe to the work.

COL. W. D. MANN.

Mr. Burden said that when he was approached he was told that Colonel Mann wielded a trenchant pen. This, however, did not induce him to subscribe.

A copy of Town Topics issued in 1899 was shown to the witness, who denied that Abraham H. Hummel, the lawyer, had consulted him about an unpleasant paragraph in that issue of the paper.

Colonel Mann then told of the beginning of his connection with Town Topics, and how W. K. Vanderbilt came to be a stockholder of the paper. Colonel Mann said:

Found Himself a Pauper.

"In 1873 I was connected with the Pullman Car company. When the crisis came in Wall street, or, I might say, the country," said the witness, "I found myself suddenly changed from being a millionaire to owning not a dollar and being $100,000 in debt.

"It was at this time I became interested in Town Topics and I went to W. K. Vanderbilt and asked him for a loan. I think he gave me about $25,000. I told Mr. Vanderbilt that I wished to get out of debt and wanted him to help me. He told me that what I owed him I need not worry about. [illegible]

"I went to Mr. Vanderbilt and told him I needed more money, and asked him to take some Town Topics stock as collateral security. Later he returned my notes and the stock and said he did not care to loan me any more money, but said he hoped I would get on."

Asked as to how he came to be sufficiently well acquainted with J. P. Morgan to borrow $2,500 from him without security, Colonel Mann said:

"I met and I knew his father. I think I know him well enough to ask him."

FIRST BALE MAN TO OPEN BANK

Negro Institution Will Shortly Be Started at Albany.

Albany, Ga., Jan. 25.—One of the very few negro banks in the south will be opened for business in Albany as soon as the necessary preliminaries can be disposed of.

Deal L. Jackson, the negro farmer of this county, who has for a number of years been the "first-bale-man" of Georgia, and who owns one of the finest farms in this section, is slated for president.

The necessary stock has been subscribed. The enterprise is backed by the Metropolitan Realty company of New York, which is also interested in a similar institution now doing business in Savannah. The new bank will begin business with a paid-up capital of $25,000, but this amount will in all probability be increased.

Those who have subscribed for the stock are the most prominent and influential negroes of the county.

Clansman May Be Barred.

Frankfort, Ky., Jan. 25.—As a result of the production here of "The Clansman," Representative Klair, Democrat, has introduced in the general assembly a bill prohibiting the production of "any play that is based upon antagonism alleged formerly to exist between master and slave, or that excites race prejudices." The measure provides penalties of $500 fine and jail imprisonment for violation of its provisions. The bill was referred to the public morals committee of the assembly and its adoption will be strongly urged.

Negro Killed; White Man Injured.

Palmetto, Ga., Jan. 25.—The boiler in the Palmetto Cotton Mills Manufacturing plant exploded Wednesday morning at 4:30 o'clock, instantly killing the negro fireman, Bill Sexton, and probably fatally injuring a white man named Harris, who was in the boiler room at the time. The boiler room was almost totally destroyed, and much of the property immediately adjoining this building. The main building of the mill was not injured, save for the breaking of window glass caused by the terrific concussion.

Body of Woman Is Found.

Nashville, Jan. 25.—A Decatur, Ala., dispatch says that lying in a ditch in a lonely spot in the woods, and partly covered with forest leaves, the horribly decomposed and ghastly remains of Miss Martha Thompson, who has been missing since Christmas day, were found by a negro while out hunting near Priceville, this county. Several marks on her body gave evidence of foul play. Decomposition had set in. Miss Thompson was a spinster about 50 years old. She was quite wealthy.

Electrotypothetae Is Formed.

New York, Jan. 25.—It is announced that as a result of the open shop agitation among the electrotypers, a new association of employers has been organized. This is called the Electrotypothetae and will take in the independent firms which are runing open shops, as well as the members of the Typothetae who have electrotyping plants.

Young Man Suicides.

New Orleans, Jan. 25.—Ray B. Wood, [illegible] employe of the Tulane [illegible] Wednesday morning, reached under his pillow for his pistol, and standing up in the presence of his [illegible] young wife, blew his brains out. The couple after a separation had just become reconciled.

World's Auto Record Broken.

Ormond, Fla., Jan. 25.—The world's five mile automobile record was lowered today by [illegible] going the distance in 2 minutes, [illegible] seconds, unofficial time, in a 200-horse power gasoline car.

MAY DISCONTINUE R. F. D. SERVICE

Postoffice Department Will Inspect Routes.

PURPOSES ARE MADE KNOWN

The Department Thinks the Average Amount of Mail Handled for Each Route Should Average 3,000 pieces Per Month.

Washington, Jan. 25.—In replying to numerous inquiries Fourth Assistant Postmaster General Degraw has indicated the purposes of the department in conection with an inspection of rural free delivery routes which is in progress with a view to discontinuing or reducing the service of such of them as show little patronage. In answering the inquiries Mr. Degraw has replied substantially as follows:

In discovering that there is a lack of patronage on a given route, consideration is given first to the possibility of increasing the interest in the service on the route; second, to the possibility of rearranging the route so as to increase the patronage; third, to the possibility of establishing every other day service in lieu of daily service, and last to its discontinuance where the conditions are such that the expenditure is unwarranted.

While no fixed rule as to the amount of mail which should be handled on a rural route has been adopted, still the department feels that the average rural route should handle 3,000 pieces of mail per month, with a possible minimum of 2,000.

The expenditure involved in operating the service on a given route might not be warranted, even though the minimum of 2,000 pieces of mail per month were handled, where it was found that a considerable number of the possible patrons were not availing themselves of the benefits of the service.

Cadet Sitman Still Alive.

Natchez, Miss., Jan. 25.—Cadet Joseph Sitman, of Greensboro, La., who was said to have died from injuries received at the hands of hazers at Jefferson Military college, is not dead. His uncle, D. C. Lee, who reported the matter to the grand jury, appeared before that body and stated that he had received a telephone message acquainting him with the fact that the boy is alive. As the grand jury had failed to uncover any attempt at hazing at Jefferson, the entire matter has been dropped.

Baby Deserted in a Depot.

Columbus, Ga., Jan. 25.—A 10-day-old baby was deserted at the union passenger sttaion under peculiar circumstances. The infant was brought here by a couple who arrived on the early morning train from Macon and Savannah. They gave the little boy to Sam Grant, a negro, asking him to carry the infant to an orphans' home. The negro did so, but the matron refused to accept the child under the circumstances. When the negro returned to the depot with the child the couple had left.

Several Injured in Wreck.

Los Angeles, Jan. 25.—The Santa Fe limited, westbound, ran into the rear of the local Santa Fe passenger train at Glendora, 30 miles east of this city, partly wrecking the rear coach of the local, knocking the trucks from the track and injuring several persons. The Santa Fe passenger office in this city state that the number of passengers injured is small and that no one is seriously hurt. The engine of the limited was badly damaged, but neither the engineer or fireman was hurt.

Avenges Husband's Death.

Marks, Miss., Jan. 25.—W. B. Fairless was shot and killed by Mrs. A. B. Whitten, the widow of a man whom Fatless killed several months ago at Essex, this county. Mrs. Whitten entered a store as Fairless was leaving. Seeing Fairless, she emptied her pistol at him, five of the bullets taking effect. He died almost instantly.

SEWERAGE BIDS TURNED DOWN

Number of Leading Concerns Given the Cold Shoulder.

THE BIDS WERE TOO HIGH

They Were in Excess of the Amount Provided for in Bond Issue, Hence Board of Bond Trustees Were Compelled to Reject Them.

In compliance with the advertisement for bids, which were opened in this city Thursday afternoon, there were many representatives of various sewerage builders throughout the country represented at the meeting of the board of bond trustees, which was held in the office of H. F. Dutton & Co., bankers.

There were four trustees present, comprising Col. H. F. Dutton, chairman; W. W. Hampton, secretary, and Messrs. W. N. Wilson and S. J. Thomas. P. M. Colson, being absent from the city, was the only member of the board not attending this important meeting.

The meeting was called for the purpose of receiving bids for the construction of a sewerage plant, comprising fifteen miles of piping, in Gainesville, and the following bids were opened and read:

West Construction Company, Chattanooga, Tenn., $68,568 98, McKenzie & Sons, Augusta, Ga., $71,233 35; T. J. Backers Construction Company, Dayton, Ohio, $77,747.59; Bryan & Company, Jacksonville, $70,007 07; Paul & Kershner, Dayton, Ohio, $61,117.16; Frederick Menshaw, Abbeville, S. C., $77,255.85; Black & Baird, New Orleans, La., $71,122 36; J. H. Long, Birmingham, Ala., $69,305 07; F. H. Beman, Louisville, Ky., $66,607.76.

All of the companies making bids were represented by agents, but after considering the bids the board of bond trustees in executive session, rejected all bids upon the grounds that they exceeded the amount prescribed for sewerage purposes, which is $50,000. Secretary Hampton will therefore advertise for other bids, to be opened in thirty days.

TO ESTABLISH NEW ORDER.

Young Man of Gainesville Organizing a Boys' Fraternal Club.

Perhaps the good people of Gainesville, especially those who have sons, will be glad to learn that a new fraternal order, to be composed entirely of boys from fourteen to twenty-one as charter members, is being organized.

The Coming Men of America is the name of the order. This society was organised in July, 1894, and today the membership exceeds 80,000 throughout the United States, having lodges in every State in the Union, in Mexico and the Territories, as well as in the Philippines and Canada.

The Coming Men of America is conducted upon the same fraternal principles as the Masons, Odd Fellows, Knights of Pythias and other secret orders which are managed by adults. It carries the same proportionate benefits as these orders and is destined to become one of the leading orders of the country, since youth are excluded from everything else. James H. Fisher of North Gainesville is working on the organization here and the prospects are very favorable.

DEATH OF MR. THOMSON.

Prominent Citizen of Boston Passed Away at Odd Fellows' Home.

William C. Thomson, age forty-nine, died at the National Odd Fellows' Home in this city Wednesday night at 9 o'clock of tuberculosis, after having suffered for several weeks.

Deceased came to this city about four weeks ago, accompanied by his daughter. Being an Odd Fellow, he secured quarters at the Home, and was resting very easily for several days, his condition having seemed to be much improved by the change. He suddenly grew worse, however, and sank rapidly until death came to relieve him of his suffering.

The remains were taken in charge by Undertaker McClellan, and were shipped North by the Seaboard Thursday, accompaned by his daughter, Miss Margaret L. Thomson. A committee from Center Lodge No. 11, I. O. O. F., accompanied the remains to the station and placed them on the train.

MOTHER
AND CHILD.

Let the mother take Scott's Emulsion for the two; it never fails to benefit them both. One can eat for two, but nourishing two is a different thing. It calls for a degree of internal strength that the average woman lacks. People of luxury are not very strong by habit; overworked people are weak in some functions from exhaustion or their surroundings. Scott's Emulsion can be depended upon to overcome such conditions. It is a wonderful food for a mother and child.

CARL JOHNSON IS LOCATED.

Been Missing Since Hotel Robbery at Minneapolis.

Charleston, S. C., Jan. 25.—Carl Johnson, who has been missing from Minneapolis since the robbing of Otto Bader's hotel and saloon, Second street south, on the night of Dec. 22. and the killing of Bader, has been located on board a ship in this harbor, working as a coal passer.

Johnson is suspected of being one of the three men who held up Bader and either fired the shot or was engaged in rifling the money drawer when the shot was fired that mortally wounded the proprietor of the place.

A detective inspector here from Minneapolis identified the man as the one wanted and he has consented to go back to Minneapolis without extradition papers, although stoutly denying complicity in the crime.

Cuban Railroad Strike Off.

Havana, Jan. 25.—The directors of the Cuban railroad having consented to a revision of the wages of all its employes and to the giving of double pay to those who work on Sundays and holidays, the strike has been declared off and traffic resumed.

Pleasant and Most Effective.

T. J. Chambers, Editor Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and best remedy for coughs, colds I have ever used." Sold by W. M Johnson.

A Curious Legend.

There is a curious legend in regard to Deadman's place, Southwark, London. An ingenious old writer says that the name originated as follows: "In Deadman's place, at St. Maryoverus, a manservant being buried at seven of the clocke in the morning, and the grave standing open for more dead Commodities, at foure of the clocke in the same evening he was got up alive againe by a strange miracle, which, to be true and certaine, hundreds of people can testifie that sawe him acte like a country Ghoste in his white peackled sheete." However, a more exact historian explained that the name was merely a corruption of Desmond's place.

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Love's Grammar.

"I wish I dared to ask you something, Miss Helen," said Percy, with trembling voice and wabbling chin.

"Why don't you dare to ask it?" the maiden said demurely.

"Because I can see 'No' in your eyes."

"In both of them?"

"Y-yes."

"Well, don't you—don't you know two negatives are equivalent to an— How dare you, sir? Take your arm from around my waist instantly!"

But he didn't.

A SELFISH MAN.

The Prayer He Addressed to the Throne of Mercy.

The following example of a quaint and selfish prayer does not come from the liturgy; it is from "Glimpses of Ancient Hackney:" "O Lord, thou knowest that I have nine estates in the city of London and likewise that I have lately purchased an estate in fee simple in the county of Essex. I beseech thee to preserve the two counties of Middlesex and Essex from fire and earthquake, and, as I have a mortgage in Hertfordshire, I beg of thee likewise to have an eye of compassion on that county, and for the rest of the counties thou mayest deal with them as thou art pleased. O Lord, enable the bank to answer all their bills and make all my debtors good men. Give prosperous voyage and return to the Mermaid sloop, because I have insured it, and, as thou hast said the days of the wicked are but short, I trust in thee that thou wilt not forget thy promise, as I have purchased an estate in reversion which will be mine on the death of that profligate young man, Sir J. L. Keep my friends from sinking and preserve me from thieves and housebreakers and make all my servants so honest and faithful that they may attend to my interest and never cheat me out of my property night or day."

THE CHINESE MOTHER.

She Is Steadfast In Affection For Her Children.

The Chinese mother is very fond of her children. She is happy in their company and spends much time caring for them. In a Chinese family the birth of a child is a greater event than with other orientals. Long before the child is born the mother performs rites and ceremonies to propitiate the gods that her child may be a boy. After birth the little fellow is wrapped in old rags and in winter is sometimes put in a bag of sand sewed close around its neck to keep the little one warm. Great rejoicing follows the birth if the child is a boy; otherwise there is an air of chastened disappointment. But good Chinese parents make the best of their little lassies, becoming very fond and even proud of them. I have known more than one Chinese father to exhibit his toddling wee girl for approval, though always with the customary national verbal deprecation of what belongs to one. Indeed, this evidence of excessive courtesy may be found everywhere in this strange land. It is good form to vilify what is mine and laud what is thine. "My good for nothing family are all still troubling the earth with their presence. How is your honorable family?"—Pilgrim.

Rheumatism and Tan.

The discovery of a remedy for rheumatism by means of tan was accidentally made by a tanner of Ulm, Wurttemberg. One day he fell into one of his own vats, and, as no one was near, he had to remain in the tanning liquid for over half an hour. When rescued he found, it is said, that his rheumatism had entirely left him. He then turned doctor and treated by means of a system called electrotannotherapia.

Of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dislodge, but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a a medicine for throat or lung trouble." Sold by W. M. Johnson.

AMUSEMENTS.

Two Fine Attractions Will Appear at the Opera House.

If half the reports we receive from the press of the country are true, Gainesville will have two fine attractions the first part of February. The first is one of the popular new dramas, the second the Beggar Prince Opera Company.

"Not Like Other Girls"

Is the title of the first production that will be seen at the opera house on Monday evening, February 5th. The drama is from Tolston's novel, and has been woven from his charge to Emperors, Monarchs, Czars and Presidents, in which he stated that to settle international difficulties by sword or gun was nothing but murder and a violation of God's commandment, "Thou shalt not kill." The company is a large one, headed by Miss Alyce Kee Nan, the young emotional actress. The plot is a good one and filled with many thrilling situations. The scenic, mechanical and electrical effects are carried by the company, and an excellent performance is assured.

Beggar Prince Opera Company

Will appear at the opera house February 8th and 9th, in the comic opera of "Said Pasha," Plaquette's greatest work. The company is large, with elegant wardrobe, and much larger than last season. Harry La Velle, the silver-voiced tenor, and Miss Etta Morris are still the reigning features with the company. Fred Godding and Robt. Stanley, comedians, including a handsomely-gowned chorus of pretty girls.

The engagement of this company in cities visited has been so successful that the company will play twenty-one cities for a return engagement. "Said Pasha" is one of the best light operas before the public at present.

HAD THE RIGHT MAN

Officer Granger Received a Telegram to Hold the Man Arrested.

Deputy Sheriff J. H. Granger on Thursday received the following telegram, dated Columbia, S. C., January 25th:

"Hold Henry Davis. Will send guard at once with fifty dollars reward."

This telegram was from the superintendent of the South Carolina penitentiary, and referred to the negro, Henry Davis, alias William Williams, who was arrested by Officer Granger near the Seaboard Air Line depot Sunday afternoon, mention of which was made in The Sun.

Officer Granger expects the guard today, when the prisoner will be given into his keeping upon the payment of the $50 reward.

The negro was tried in the Superior Court of Sumter county, for the murder of Samuel Nelson, last year, and was convicted and sentenced to a life term in the South Carolina penitentiary. He escaped several months ago and made his way to Florida, where he remained free until arrested in this city.

AN OLD COIN.

Was Found Imbedded in a Tree by a Sawmill Man.

F. E. Crawford of Montbrook, Levy county, is the owner of a Roman coin minted in the year 48 B. C. The strange part of the story, says The Bronson Times-Democrat, is the finding of the coin.

Some weeks ago Mr. McDonnell, the sawyer in the sawmill of Wade & McArthur at Montbrook, while sawing a log noticed that the saw teeth had come in contact with some metallic substance and investigation discovered this aged coin, which had been imbedded in about four inches in a Levy county pine. Mr. Crawford procured the coin, which bears no date, and sent it to the Smithsonian Institute, Washington, who established its identification and age. It is a little larger than a dime and except for the mutilation by the saw is in perfect preservation and looks almost new.

The question is: How and when did the coin get in that tree? A steel arrowhead was recently cut out of a pine tree in the same vicinity.

Concessions Granted Jews.

St. Petersburg, Jan. 25.—Further concessions, it was announced today, have been granted to the Jews in the governments of Russia where they enjoy the right of domicile by the addition of 133 places in the country districts where they will be permitted to reside without hindrance.

SCALY ECZEMA ALL OVER BODY

Eruptions Appeared on Chest, and Face and Neck Were All Broken Out—Scales and Crusts Formed—Iowa Lady Has Great Faith in Cuticura Remedies for Skin Diseases.

ANOTHER WONDERFUL CURE BY CUTICURA

"I had an eruption appear on my chest and body and extend upwards and downwards, so that my neck and face were all broken out; also my arms and the lower limbs as far as the knees. I at first thought it was prickly heat. But soon scales or crusts formed where the breaking out was. Instead of going to a physician, I purchased a complete treatment of the Cuticura Remedies, in which I had great faith, and all was satisfactory. A year or two later the eruption appeared again, only a little lower; but before it had time to spread I procured another supply of the Cuticura Remedies, and continued their use until the cure was complete. It is now five years since the last attack, and have not seen any signs of a return. I have taken about three bottles of the Cuticura Resolvent, and do not know how much of the Soap or Ointment, as I always keep them with me; probably one half dozen of each.

"I decided to give the Cuticura Remedies a trial after I had seen the results of their treatment of eczema on an infant belonging to one of our neighbors. The parent took the child to the nearest physician, but his treatment did no good. So they procured the Cuticura Remedies and cured her with them. When they began using Cuticura Remedies her face was terribly disfigured with sores, but she was entirely cured, for I saw the same child at the age of five years, and her mother told me the eczema had never broken out since. I have more faith in Cuticura Remedies for skin diseases than anything I know of. I am, respectfully yours, Emma E. Wilson, Liscomb, Iowa, Oct. 1, 1905."

Complete External and Internal Treatment for Every Humor, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. A single set often cures. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Mailed Free, "How to Care for Skin, Scalp, and Hair."

FROZEN PIPE CAUSES DEATH.

Boiler of River Steamer Explodes, Injuring Many.

Natchez, Miss., Jan. 25.—The boiler of the steamer Helena, a 50-ton towboat, exploded 65 miles above Natchez, Pilot Joseph Roth being thrown into the river and drowned, and three negroes, Elijah White and two whose names could not be learned, were instantly killed.

Captain Dan Scott and five white men of the crew were injured, one, Henry Shea, fatally. All of the men live in Natchez.

The injured were taken to St. Joseph, La., for medical treatment. The boat was owned by Will Conti, of this city, and was valued at $2,500; it was uninsured.

The names of those injured are as follows:

Henry Shea, fatally; Captain Dan Scott, Nathan Morris, E. Wright, John Sanders and Thomas Brown.

The explosion was caused by a frozen pipe through which water is pumped into the boiler. It was thought the pipe had been thawed out.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and $1.00 by all druggists. Trial bottles free.

Texan Refloated Uninjured.

Kingston, Jamaica, Jan. 25.—The Leland line steamer Texan which ran aground off Port Royal, has been refloated uninjured. She will be surveyed before sailing for New Orleans by way of Mexican ports.

Marshal Shoots Raft Hand.

Darien, Ga., Jan. 25.—Bud Clements, a white raft hand from Telfair county, was shot by Marshal Sinclair while resisting arrest for the killing of Bernard Klavin, a Russian sailor on the barkentine Capella.

AUSTIN SICK AND FRIGHTENED.

Alleged Assailant of Quillian Is Not Well.

Gainesville, Ga., Jan. 25.—Judge J. J. Kinsey, [illegible] holding [illegible] court, has granted an [illegible] L. [illegible] W[illegible]fa, ch[illegible] attempt to [illegible] Robert F. Quillian, in the Hall county jail until such time as his health and physical condition will warrant his removal to Banks county, where a committing trial will be held.

The petition was presented to Judge J. J. Kinsey by Colonel J. O. Adams, of this city, who, with Judge N. L. Hutchins and Colonel W. E. Simmons, of Lawrenceville, have been employed to defend Preacher Austin.

The petition alleges that Austin is in wretched physical condition and that he is in mortal fear of his life if he is carried to Banks county; that there is no jail at Homer, the old one being torn down to make way for a new one, and that he is unable to stand the drive through the country to the Banks county seat.

Austin refuses absolutely to discuss the case with any one, save his attorneys, and he pretends not to recognize any of his old friends and former church members of upper Hall. His attorneys declare Austin will be freed at the committing trial, which, they state, will soon be held at Homer, in Banks county.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all druggists.

Insurance Man Still Missing.

Columbus, Ga., Jan. 25.—R. W. Hilott, district superintendent of agents for the Metropolitan Life Insurance Company, is still missing. The police, who have been looking for him on a charge of disorderly conduct, do not know where he is but suppose that he is in South Carolina, his old home, as he left on a train Saturday night for South Carolina, accompanied by his father and his two children.

A Thousand Dollars' Worth of Good.

A. H. Thurnes, a well-known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." J. W. McCollum & Co.

Fitzsimmons Buys Farm.

New York, Jan. 25.—"Bob" Fitzsimmons, the pugilist, and his wife, have purchased a farm at West Dunellen, N. J. The farm was formerly the rural home of United States Senator Dryden, of New Jersey. Fitzsimmons will turn the farm into a resort for men who wish to recuperate.

How to Avoid Pneumonia.

We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It not only stops the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse any substitute offered. Dr. C. J. Bishop of Agnew, Mich., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." J. W. McCollum & Co.

Leading Rifle Shot Dead.

Kennebec, Me., Jan. 25.—John J. Cran[illegible], at one time one of the leading rifle shots of the country, is dead here at the age of 67 years. He was captain of a team which won the MacDonald Trophy at the last national match at the Creedmore, L. I., range.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another, then different ointments and liniments, gave it up altogether. So I tried once more and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of sufferers." Sold by W. M. Johnson.

Some papers say very foolish things hoping others will copy them.

Arizona prefers to remain single rather than be united in the holy bonds with New Mexico.

We have not yet been hit by Jack Frost very hard and it looks as though we have had a narrow escape.

Superintendent of Public Instruction Holloway says that the public schools of the State are in first-class condition.

Florida oranges are holding their own in the Northern and Eastern markets, while California fruit is said to lack flavor.

Poultney Bigelow has resigned as lecturer on international law in Brown University. He will probably get a job on the Panama canal press bureau.

France has the consent of Uncle Sam to fight Venezuela, if she so desires, and she will perhaps clean up on that volcanic crowd so she can get a record in order to meet Germany.

The white fly which has caused so much damage to the orange crop is said to have met its finish. They have a preparation that effectually kills them as well as all the eggs, and does not injure the tree in the least.

The Commoner, Hon. William J. Bryan's paper, has entered upon its sixth year, and is still adhering to the principles it started with. Mr. Bryan still holds the most of his followers with the same devotion to his cause as manifested at the Chicago convention, when he captured the people with his cross of gold and crown of thorns.

People who come to Gainesville for the winter need have no fear but what they can get as pure drinking water as can be obtained in any city in the United States. It has been analyzed by the chemists of New York as well as those in our city. If you want to find a city in this State where you can know they have good drinking water Gainesville is the place.

Anarchists have been hatching a plot to assassinate Governors Pattison of Ohio and Pennypacker of Pennsylvania. These fellows, if caught, should not have much time for prayers. If there is any class of criminals that we should have a limited amount of time for, it is those hounds who stab in the dark, for no other reason only to let the people know that they are bad men.

Senator Mallory is opposed to granting subsidies to ships, says The Pensacola News, though he is an advocate of the rehabilitation of our merchant marine. He contends that the principle of subsidies and bounties is unconstitutional and therefore he opposes the present shipping bill. The Senator says that he would prefer a system of discriminating duties in favor of American vessels and that he believes such a method of encouraging American shipping would be successful and build up the grandest American merchant marine ever known, while the subsidy plan would prove a failure.

THE KIND WE WANT.

There is a class of immigrants that we do not want and who have done the State much harm. We do not want people to come here with the exaggerated idea that Florida is a place where milk and honey flow freely; where no disagreeable weather ever comes; where it is always the "Sunny South;" where fortunes can be made in a short time with little labor or none and without capital; where the orange grows in profusion and pineapples can be plucked from the limbs of forest pines.

People have settled in Florida who thought substantially the above was true. We have been personally asked if "those yellow things (meaning the nearly ripe cones) on the pine trees were not pineapples." This class of settlers, as a rule, are from cities or large towns of the North. They have never done a day's work outdoors, have never driven a nail or cut a tree or plowed a hill of corn, and when they come here and blister their hands on the hoe handle and fill their shoes with sand they are disgusted—their Florida bubble is forever burst; their bright hopes of wealth from the golden fruit collapsed, and they return with maledictions on Florida that are loud and deep.

What we want is to induce immigrants that are used to work, who expect to earn their living by the sweat of their brows, people that are not inflated with the expectations of a "soft snap" and sudden riches to be gained in a short time. Get such and we will get people who will not only gradually grow rich, acquiring substantial property, but will attract the canning and starch factories and other commercial industries.

We could name farmers who landed here without a thousand dollars—some were without a single dollar—who have made the whole that they possess, not by booms, but by honest "elbow grease," who today are comfortably well off. They raise nearly everything they consume, also the forage for their stock, and what money they realize from the sale of syrup, oranges, vegetables, pork, or whatever their one money crop or specialty may be, is clear gain, and goes to swell the bank account. Not all the land in Florida is suitable for general farming or fruit growing, and he who seeks a home let him make carefully his selection.

The real, solid, lasting development of Florida depends on the working class of immigrants, and these are people that we should seek to influence to cast their fortunes in with us and welcome when they arrive.—Florida Agriculturist.

And if we happen to get foreigners we should make an effort to secure those who come to this country to find a home, and not a pack of anarchists who come here to earn money to take back to the old country with them and live the rest of their days in idleness.

The German, the Dutch, Swede and Norwegian make good citizens, and they are faithful workers.

STATE FACTS.

In looking over Nathaniel Adams' letter from White Springs, in which he tendered his resignation from the Board of Control of the State educational institutions, and his reasons for the same, we do not see The Star did the gentleman any injustice, but to show Brother Caldwell and Mr. Adams that the latter shall have a "square deal," we publish his letter with only one comment, and that is that "the State of Florida spent between $200 and $300 on each student who took a collegiate or university course last year." Now, how in the name of conscience can this be, when the official reports show that more than half of the pupils in attendance did not take a collegiate or university course, but were merely members of the preparatory departments—schooling that any graded school in any of the counties in the State could have given with equal efficiency.

This fact was so notorious that true educational interests of the the State demanded a radical change and the next ten years will prove the Buckman bill the wisest educational measure that was ever instituted in Florida. When public men go into print they should state facts and not draw on their imagination to sustain an opinion. The next generation will rise up and call Buckman blessed when Brother Caldwell and Mr. Adams' reasons for opposing the Buckman bill have been forgotten.—Ocala Star.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

CALL FOR GREAT CONVENTION.

The Sea Island cotton growers of Georgia and Florida, bankers and business men are hereby called to meet in Valdosta, Ga., February 8th at 10 o'clock a. m.

All farmers are requested to attend. A uniform reduction of acreage for all the Sea Island cotton growing counties of Georgia and Florida will be established. Plans for improving our staple, and for a better handling of our cotton, will be discussed; also to devise means for a closer relation of the producer and the spinner.

The presidents of all county associations are requested to notify all subdivisions that county meetings will be held on February 3rd for the purpose of electing delegates to the Valdosta meeting. There is a great deal of work to be done and I believe great good will result from the meeting. Active efforts will be made to get reduced rates on all the railroads.

Yours very truly,
HARVIE JORDAN, President.

Girl Toilers

Gain Strength for Work

In office and factory, shop, store or kitchen girls are at work all over this land, and, alas! far beyond their strength. Young women who work are especially liable to female ills. Too often the girl is the bread winner of the family and she must toil unremittingly, no matter if her back does ache, her limbs and abdomen throb with dull pain and dragging sensations, and dizzy spells make her utterly unfit for work. These are the sure signs of female irregularities which kill beauty and youth.

Lydia E. Pinkham's Vegetable Compound

builds health and strength for all women who work and are weary. It creates the vitality that makes work easy. From the thousands of grateful letters written by working girls to Mrs. Pinkham we quote the following:

> DEAR MRS. PINKHAM:—I feel it my duty to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before I took them I was very nervous, had dull headaches, pains in back, and was very irregular. I had been to several doctors and they did me no good.
>
> Your medicine has made me well and strong. I can do most any kind of work without complaint, and my periods are all right.
>

Nearly a Million Lost in Flames.

Jackson, Miss., Jan 25.—Fire has destroyed the Mississippi compress here, with 2,500 bales of cotton, entailing a loss estimated at $750,000, with insurance of about two-thirds. The compress plant was worth $150,000. The heaviest losers are the Knoop, Frederick company of Liverpool, England, who had 1,500 bales in the compress at the time of the fire. The origin of the fire is unknown, but when it was first discovered by the compress employes it had gained great headway and when the fire department arrived it was beyond control, but surrounding property was saved after a hard fight.

Decision To Be Appealed.

Savannah, Ga., Jan. 25.—The decision of the state supreme court in holding that the stock of the Western Railway of Alabama, owned by the Central railway and the Georgia railroad, was taxable, is to be appealed to the supreme court of the United States. This is the announcement from the office of the general counsel of the two corporations. It will be done just as soon as the cases can be taken through the proper channels in order to get them in shape for trial in the supreme court of the United States.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. An attempt to work the game at another place was unsuccessful and the police were notified. N. E. Mason, a stranger, and John Ham, a Columbus boy, are under arrest charged with being the guilty parties.

GRIPPE INCREASING

Our Local Druggist, W. M. Johnson, Tells Gainesville People the Best Preventive and Cure.

So many cases of the grippe have been reported during the past month throughout the State that some of our leading physicians have been trying to locate the cause, and have spent much time in the health departments of our various cities carrying on the research.

Mr. W. M. Johnson, our well known druggist, when interviewed in regard to this matter, said: "It is the people who are run-down and physically below par who get the grippe and contract contagious diseases, and it is a warning to every man, woman and child in Gainesville to build themselves up at this season of the year. There is no doubt that the cod liver oil preparation, Vinol, has prevented and cured more cases of the grippe than any other remedy we know of. This is because Vinol contains in a concentrated form all of the vital principles of cod liver oil without any of the system-clogging oil to upset the stomach and retard its work.

"After grippe Vinol purifies and enriches the blood, tones up the digestive organs, and strengthens every organ in the body to do its work as nature intended.

"In the strongest manner we endorse and guarantee Vinol to ward off disease and to build up the run-down, tired and debilitated, give strength and renewed vitality to the aged, cure chronic coughs and colds and build up the convalescent, or return to the purchaser every dollar paid for it." W. M. Johnson, Druggist.

Mr. and Mrs. J. N. Marsh, who last season made their home here, are expected here from Asheville, N. C., in a short time and it is needless to add that their friends in Gainesville will be glad to see them. They have left orders at the postoffice to hold their mail here.

Among those who visited Gainesville yesterday was Wm. W. Lyons of Palatka, who was the engineer in the matter of the Palatka system of sewerage, and also of the Gainesville system, proposed. Mr. Lyons was present at the meeting of the board of bond trustees when the bids for the sewerage were submitted.
